

MSJChem Member's Area FAQ

1) What is in the Member's Area?

The Member's Area contains study guides for each topic and video tutorials based on IB exam questions.

2) Why are you asking for a contribution to access the Member's Area?

The costs of running a website include paying for hosting and the domain name, among others. The \$10 (10 USD) contribution to access the Member's Area will help pay for the hosting and other costs associated with running and maintaining this website.

3) Can I still access the non-member sections of the website for free?

Yes, the other sections of the website are still accessible free of charge, but if users want to make a contribution without becoming a member, they can do so at my [Patreon](#) page. Any contribution, no matter how small, is very gratefully received.

4) I want to become a member without paying. Is this possible?

No, as I mentioned above, non-members are still free to access the other sections of my website so to access the Member's Area, you will need to make a contribution.

5) I am a teacher and would like to access the Member's Area, how can I do this?

If you are a teacher and wish to access the Member's Area, please email me at sugiyamajones@gmail.com

6) Can I download the study guides and use them in my classes?

The study guides can be downloaded but I ask that you don't make multiple copies for distribution. If another student finds them useful, you could perhaps suggest that they become a member of the site.

7) Are you going to upload study guides for the options?

Yes, I will uploading study guides for the options over the next few weeks. I aim to have them all uploaded before the May 2017 exam session.
